

# **MANAGERS Handbook 2023-2024**

**\*These are strictly guidelines – Please refer to  
our Rules & Regulations for full details\***

## Your role as manager

### Communication is your primary job:

**Meet with your coach** - Have a conversation with your coach and layout expectations for each other for the season, set up a communication system that will work for the two (or more) of you and stay in frequent contact throughout the season. Discuss any topics that will need to be covered at your first team meeting. Essentially as Manager you will be in charge of most/all of the off-ice tasks allowing your Head Coach (HC) to concentrate on the players and on-ice development.

**Meet with your team** - Set up a team meeting. This is an excellent time to let them know how you will be communicating team info to them, how they can communicate with you, delegate responsibilities, and get additional volunteers for team needs. Your head coach can discuss team philosophy, and his expectations of players and parents. You can discuss team fundraising, expectations for team events like tournaments, and any other team business. You also might want to use this opportunity to set out guidelines for team behavior, including that of spectators. It is an unfortunate reality that we still deal with inappropriate behavior from fans, and this is a good opportunity to let your team know how these situations will be dealt with.

**Touch base with your Level Director** – you will become the liaison between NMH communications and the parents on your team. Establish a communication system! Your level directors are added to your Team Snap accounts. You are expected to be responsive to the NMH mandate and operate your team within the established policies, guidelines, and regulations.

**Touch base with your CAHL Governor** – again, you are the link between your team and the league. Good communication with your Governor helps ensure that they are able to place your team competitively and help you have a successful season.

**Know the rules** - Know/review the NMH Rules & Regulations (found on the NMH website) you are not only responsible (along with the HC) for your team's actions and behaviors but also for ALL spectators at Home Games. It also pays to be aware of CAHL Rules and Regs, and Hockey Alberta Rules and Regs. Links are in the Resources at the end of this guide.

- Have a copy of the HCR (Hockey Canada Registry) on you at all games – both yourself and your HC should carry them which will be provided by the Operations Manager

## Critical Dates

**Deadline for Respect In Sport Activity Leader- Before anyone steps on the ice or is rostered to a team Deadline for Bench Staff Qualifications – November 1**

- This includes all Coach Courses/Safety /First Aid for Trainers/Confidentiality Agreement/ Coaches Pledge/ and Hockey Canada Return to Hockey Safety Guidelines module
  - Please ensure that you have 2 team trainers – one needs to be at EVERY game
- The Operations Manager will provide a list of missing qualifications to each Level Director, who will let you know if any are missing on your team.
- Ensure these are completed before the deadline or there can be effects on the team, including suspensions.

### Provincials –

Hockey Alberta will conduct competitions in minor hockey for the following Divisions and recognizes that all Provincial competitions are for the purpose of determining the championship team in any category.

**CAHL Season Critical Dates: [Click Here](#)**

## Main Points of Contact:

*Manager Liaison* – Coleen Phillips  
*Intro to Hockey Director* – Brett Welsh

*CAHL Director* – Jamie Patterson  
 CAHL Governor- Riley Blake

Who you need to contact will depend on your inquiry.

- For general manager inquiries or references/questions, contact the Manager Liaison and they will be able to further direct you if you require.
- Most of the time you will want to direct all communication through your Level Director.
- Anything CAHL related should potentially include your Level Director, NMH CAHL Director and your CAHL Tier Governor.

\*please ensure proper communication lines are followed at all times – under no circumstances should parents be contacting anyone aside from either their manager or coach. Breaches of the communication process are subject to disciplinary action.

## Early season “to do” list:

- Remind all bench carded staff that they must have **all** requirements (coach courses/safety course/RIS Coach- immediately) before the November 1 deadline and keep on this!!! (links all up on website)
- Also, a reminder for all bench staff to obtain their vulnerable sector checks if they are due (good for 3 years unless otherwise specified by NMH Board)
- Only carded coaches may be on the ice during practices and MUST be wearing done up helmets at all times
- Non-carded staff may assist from time to time however are only allowed a max of 5 times (this does not include any parent/player games – waiver for this)
- Trainers must have an emergency First Aid certificate. As with any other coaching requirement, NMH will reimburse trainers who need to take a course to obtain it.

Enlist team volunteers:

- **Jersey Parents** – find a family or two to take care of all jerseys throughout the season. It is a good idea to have both sets at all games.
- **Fundraising** – find a parent willing to coordinate any fundraising efforts for the team
- **There are new AGLC guidelines this year** – please be familiar with them if your team is planning a raffle. AGLC accounts are not managed for teams by NMH.
  - You need to obtain an annual AGLC number. For any team raffles (ie. 50/50, Raffles) Each team is required to obtain their own number on a yearly basis. **No raffle licenses shall be approved under Nanton Minor Hockey's AGLC number.**

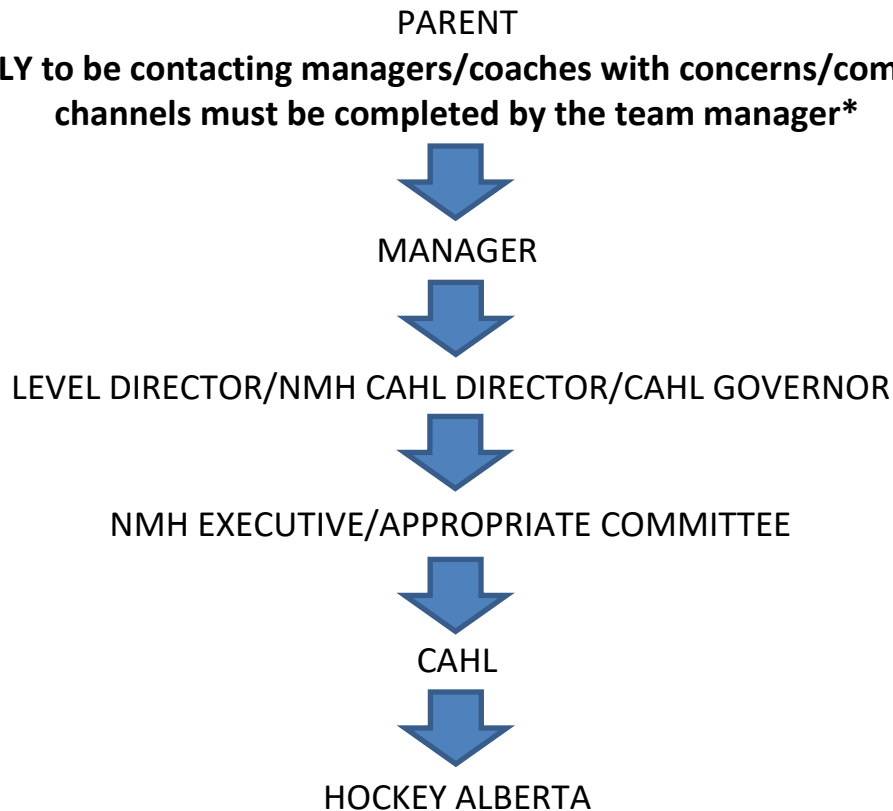

- **Tournament coordinator** – find a parent that will be responsible for looking and enrolling in tournaments including accommodations if required. This is generally your manager.
- **Non-Ice Officials** (Score Clock & Book) – you might be lucky enough to have a couple people offer to do all home games otherwise it is recommended to rotate through your parents so that all get experience (for tournament times and such) – do up a rotation for 2 parents per home game
  - If you are unfamiliar with the book or score clocks make arrangements with the Manager Liaison for a quick lesson – or someone on your team
  - Remember that these people ALWAYS need to act/remain impartial while doing this job as per as they are considered non-ice officials
  - Managers are NOT allowed to be time box officials, as they are considered by CAHL to be team officials and NOT impartial.
- **Data Entry Person** (CAHL Teams only) – recommended that this be yourself however you can designate a data entry person for home games (must be done within 24 hours of the game).

## Lines of Communication

Please ensure your team members are following the proper lines of communication

- Refer to the 24 hour cool down rule: All persons should take a 24 hour period to cool down prior to contacting anyone, at the end of that period, if they still wish, they need to follow the chart, preferably in a documented channel\*

**\*parents are ONLY to be contacting managers/coaches with concerns/complaints – all other channels must be completed by the team manager\***

\*Breaches of the communication guidelines are subject to discipline

## Concussion Guidelines

Safe return to play after a concussion must follow the guidelines established by Hockey Canada, available on the Hockey Alberta [website](#). Documentation of every step is required to align with HA concussion policy. Use Appendix 2 of the Concussion Policy to track and document injuries. These links are also on our website also.

Parents need to sign the Concussion Protocol Form

The [Hockey Canada Concussion toolbox](#) is a valuable resource to help you and your trainer manage injuries on your team.

NMH will be introducing more Concussion protocol soon – especially at the U15 & U18 levels – all communication will be done thru the level directors.

## Complaints and Discipline

### **THERE WILL BE ABSOLUTELY NO TOLERANCE FOR BULLYING OF ANY KIND WITHIN NMH**

- All players/volunteers/members have the right to feel safe in our association whether it be during car-pooling, tournament play, on ice, social media outlets, in the dressing rooms, etc.
- Coaching staff must make every effort to ensure that our players feel safe – if there is a question of bullying behavior, please address it IMMEDIATELY.
- It is expected that there will be a written note regarding the behavior and follow up, which would then be sent to the appropriate level director and the Vice President of the NMH. At that time, depending on circumstances, the discipline committee could become involved.
- Please make sure that all parents and players are aware of the NMH Code of Conduct.
- NMH follows the “Two Deep Method” of supervision – please see Rules and Regs for full details – players should be supervised at all times. Two adults should be present in the change room or just outside the change room with the door open. A lone personnel member should never be in the dressing room with players at any time, and especially when they are showering or changing.
- **CELL PHONES and recording devices**– NMH bans the use of cell phones in the dressing rooms. This rule applies to everyone, coaches/managers/parents/players. This must be enforced. Teams are not to record gameplay from the bench. Video will not be considered in the complaint process - either with NMH or with CAHL.
- **Suspensions**
  - all suspensions must be reported to your NMH Level Director and President within 24 hours of notification. Failure to report may result in additional disciplinary action.
  - Should one of your players or coaches receive a major penalty resulting in a suspension, that player or coach shall not be permitted to be involved in any game activity until the suspension, as handed down, has been served in its entirety. If you are unsure of a suspension, **DON'T LET THE PLAYER OR COACH PLAY OR BE INVOLVED IN ANY FURTHER GAMES UNTIL YOU KNOW!** “If in doubt, sit them out.” Any suspended player/coach is not permitted to go into the dressing room or go within 50 feet of the player’s bench.
  - The discipline committee will meet with all suspended players and coaches.

## Affiliations

- Please refer to NMH Rules & Regulations for full details.
- NMH does not allow teams to affiliate past their roster numbers for CAHL sanctioned games, all other affiliations (i.e. tournaments, provincials, exhibition) must receive Level Director approval.
- Affiliations are not allowed to replace suspended players per CAHL rules.
- With the team numbers this season affiliations should only be visited if numbers on a team are drastically lowered. All teams should accommodate the requesting team whenever possible as long as it does not put the AP’s team at a disadvantage. If disputes should arise during the affiliation process, the level director(s) for each division should be contacted to mediate a resolution.
- There should not be any affiliation requests during tiering rounds – if these are required they need the approval of CAHL
- During regular season
  - Requesting teams must understand that an AP’s team should be their first priority, and affiliation requests may not be granted if it puts the AP’s team at a disadvantage

- Coaches/managers from both teams must come to an agreement about affiliation requests PRIOR to any players being asked to affiliate. There must be NO contact regarding affiliations between the affected player and the requesting team.
- Teams are strongly encouraged to rotate through affiliates and must avoid consistently sending the same skaters for affiliations. CAHL and HA frown heavily on repeated affiliations of specific players.
- CAHL VP approval is required for affiliations between divisions
- Goalie Substitutions refer to Rules & Regulations

## CO-ED Teams

- From U11 and down, mixed genders may change in the same room at the same time with the presence of two adults.
- Players U13 and higher, mixed genders may not change in the same room at the same time.
- It is the responsibility of the coach to ensure all are involved in both the pre-game and post-game activities.
- When separate facilities exist for both male and female participants, males and females shall make use of these separate facilities.
- If the facility does not have separate changing areas available, players shall address the issue by dressing, undressing, and showering in shifts.
- It is the responsibility of the team to provide a plan that will ensure the safety and privacy of individual players when they are dressing, undressing and showering.

    - At the start of ALL CAHL League and Playoff games the clock will be set to a five (5) minute warm-up period. The clock shall be started immediately at the commencement of the scheduled time slot, or when the ice is available for both teams to commence skating, whichever is the latter. At the end of the five (5) minute warm-up period, the clock shall be reset to twenty (20:00) minutes and the game started. The home team must provide warm up pucks for the visiting team, at least one per player. No OVERTIME during regular season – refer to CAHL for playoff policy.
    - Stop time is to be used in all periods of all games. When five (5) minutes remains on the ice permit and after the first stoppage of play thereafter, the time clock will be set to two (2) minutes and the remainder of the game will be played stop time. All member Associations must declare at the Annual General Meeting whether they will follow this regulation or provide additional ice time to complete the game. (refer to chart on CAHL for drop clock associations)

- Sportsmanship Points are awarded to each team in a U9 to U18 level game where the team stays under a set penalty minute limit, regardless whether they win, lose or tie the game.
